AUSTRALIAN
Clinicalabs

The full access, fully paperless pathology solution for busy GPs.

eResults now serves as a powerful pathology solution for general practitioners, offering an advanced suite of features that can complement any busy GP practice.

Open Doctor Access (Break Glass) for GPs

Save time tracking down results by switching on Open Doctor Access, allowing you to search, view and share patient results from all Clinical Labs doctors. **Fellowship with RACGP or ACRRM mandatory.**

How do I request Open Doctor Access?

- 1 Click the 'Give us Feedback' option in the main menu (top-right).
- 2 Select the 'User Support' category, and include in your feedback message that you would like to request Open Doctor Access, making sure to include your RACGP/ACRRM and AHPRA numbers.
- 3 Once your submission has been approved, the next time you log in, you will see a new 'Search patients from all doctors' toggle next to the search bar.

Share Reports

Electronically share results back to your practice management software with the click of a button. You can also share results with others via email, or with other eResults clinicians within the platform itself.

New Order

Create a new eRequest for your patient using our innovative eOrders app within eResults. Send your patient the eRequest via SMS or email, or print out the pathology request form in hard copy.

A screenshot of a laboratory information system interface. At the top, a purple header bar displays 'PATIENT LIST' and 'Biochem, Qap'. Below this, a blue navigation bar shows 'Patient: Bens 12 Sep 2005' and 'Address: Beaufort 1000'. A 'Referring Doctor' dropdown is also present. The main content area is titled 'Biochem, Qap' and shows a 'Test Search' input field, a 'Show Removed Panels' button, and a 'Select All' checkbox. A 'Sort By: Date collected' dropdown is shown. The 'C-Reactive Protein' test is selected, indicated by a blue background and a 'New Order' button with an orange circle around it. The test details show 'Ordered: 21 Jul 2021' and 'Last Updated: 21 Jul 2021 02:41 PM'. The 'Clinical Notes' section includes '21-16' and 'BIOCHEMISTRY'. The 'Specimen' section includes 'C REACTIVE PROTEIN (CRP)' and 'SPECIMEN: SERUM'. A 'Reports' tab with a '1' notification is also visible.

The image shows a mobile application interface for Clinicallabs Orders. At the top, there is a search bar with the text 'fb'. Below the search bar, there is a section titled 'SUGGESTED TESTS' with a list of items: 'Full Blood Examination', 'Glucose - Serum(BSL)', 'Blood Culture', and 'Micro & Culture AFB (TB)'. To the right of this list, there is a section titled 'COMMONLY ORDERED TOGETHER' with a list of items: '2 tests' (Full Blood Examination, Iron Studies), '3 tests' (Electrolytes / Urea & Creatinine, Liver Function Tests), and '4 tests' (Full Blood Examination, Glucose - Serum(BSL), Iron Studies, Liver Function Tests). On the far right, there is a vertical sidebar with a list of categories: 'AUSTRALIAN', 'Clinicallabs | Orders', 'Antibiotics', 'Anti-Dyslipidemics', 'Additives', 'Alcohols', 'Allergens', 'Antidiabetic Agents', 'Anticoagulants', and 'PREG'. At the bottom of the screen, there is a footer with the text 'Anonymously share your test results with your doctor'.

Customisable Doctor Notifications

Receive important result updates via SMS, email or in-app push notifications. Customise your notifications by tailoring your result categories and notification frequency.

Download Cardiology Reports

Simply download your ECG traces, Holter Monitor and Blood Pressure reports directly from eResults, instead of receiving them by fax or mail.

Check your CPD Progress

Track your CPD progress by logging into eResults and navigating to the CPD Program Portal. ACL's current CPD programs can be accessed or registered for within eResults.

It's easy! Register for Clinical Labs eResults today.

Sign up via our online verification tool.

Scan the QR code or visit clinicallabs.com.au/register/ehealth

Any questions, please call us on **1300 669 961** (or **1300 367 674** for WA) and we'll talk you through it or arrange a visit.

Mobile App Version Available

As a registered user, you can download our eResults Mobile App, giving you the same great eResults experience on your device, including biometric support for easier login – perfect if you require quick access to results on the go.

Available now on Google Play or the App Store – simply search for 'Australian Clinical Labs' or 'eResults'.
